Roushan Kumar

Certified Palantir Foundry Developer | Data Engineering, Ontology, Geospatial Analytics | Enabling Scalable Business Data Solutions
India

Summary

Driving Scalable Data Solutions | Certified Palantir Foundry Developer | Ontology, Advanced Analytics & Geospatial Specialist

Certified Palantir Foundry Developer with hands-on expertise across Ontology modeling, Pipeline Builder, Workshop applications, automation tooling, and API integrations. I design and implement scalable Foundry-based data solutions that enable advanced analytics, data governance, and geospatial insights. Experienced in building production-grade pipelines, configuring governance frameworks, and delivering end-user applications that accelerate decision-making for business stakeholders.

Passionate about bridging complex data engineering with business outcomes — ensuring that Foundry deployments not only run, but deliver measurable impact in efficiency, compliance, and strategic insight.

Let’s connect if you want to collaborate on data automation, workflow optimization, or Palantir solutions!

Experience

MTAS SOLUTIONS PRIVATE LIMITED

Palantir Foundry Developer
January 2025 - Present (1 year 7 months)
India

“Palantir Foundry Developer – Implemented Foundry-based solutions using Ontology, Pipeline Builder, and AIP modules. Delivered secure, production-grade data governance and process mining workflows. Key impacts: automated operational reporting, built timeseries analytics, custom dashboards in Quiver, and streamlined collaborative ETL with IST.

Dream Team

Full-stack Developer

January 2024 - December 2024 (1 year)

Rajasthan, India

Education

Bikaner Technical University (BTU)

Master of Computer Applications - MCA · (August 2024 - April 2026)

Jai Narain Vyas University (JNVU), Jodhpur

Bca, Computer Programming, Specific Applications · (August 2021 - June 2024)
